- Existing Zoning Districts

0 200 400 800 Feet

Source: Department of Planning Pipeline Project Database (Dec. 2006).
*Notes: For purposes of keeping the update of this mapping manageable, many small projects are not included in the database. This may include residential projects of less than 5 units, or, in the case of non-residential projects, a change of business but not a change in type of business. Also, projects that are completed for two years are not included.
