

# India Basin/ Hunters Point Shoreline

COMMUNITY PLANNING WORKSHOPS

The Bayview Hunters Point PAC Land Use Committee invites you to participate in **TWO UPCOMING COMMUNITY MEETINGS** about the India Basin shoreline area of the Bayview Hunters Point community (Area C).

In the first upcoming meeting, draft policy language, and draft zoning and height concepts will be distributed and presented. These materials build on the discussions at the previous three Area C public workshops. Participants will then have several weeks to review the materials and come prepared with comments for the second meeting.

## Meeting #1: Presentation and Open House WEDNESDAY SEPTEMBER 24, 2008 | 6:30 – 8:00 PM

A general update on the status of the planning process will be given at this meeting, as well as a presentation on draft plan components: a policy framework, a zoning concept, and a height concept. A workbook with these components will be distributed and discussed in detail at meeting #2. These materials will also be available on the website after the workshop. Staff will be available for questions and general discussion.

## Meeting #2: Discussion of Draft Proposals WEDNESDAY OCTOBER 15, 2008 | 6:30 – 8:30 PM

The public will give feedback on the draft concepts presented at the first meeting. The input from this series of meetings will inform the India Basin Plan, zoning standards, design guidelines, and the Redevelopment Plan amendment being prepared by the Planning Department and Redevelopment Agency.

BOTH MEETINGS WILL BE HELD AT:

**@ Bayview Opera House**  
4705 Third Street (at Newcomb St.)
