RE: ZONING VERIFICATION LETTER FOR THE PROPERTY AT 2073-2079 MARKET STREET. BLOCK: 3544 LOT: 067

Dear Ms. Davis:

This letter is in response to your letter dated November 30, 2004 requesting a zoning verification letter for the property at 2073-2079 Market Street. This property is located in the Upper Market Street Neighborhood Commercial (Upper Market Street NCD) Zoning District with 80 feet height and B bulk limitation. The Upper Market Street NCD is a multi-purpose commercial district which provides limited convenience goods to adjacent neighborhoods and serves as a shopping street for a broader trade area. It's controls are designed to promote moderate-scale developments. The subject site is 9,816 square feet of lot area.

The subject property is not in any Special Use District. Our records indicate a conditional use application was approved with conditions by the City Planning Commission for the subject property on November 17, 1996 (see attached case # 96.542C) to allow the conversion of a small self-service restaurant to a full-service restaurant. The authorized use per our assessor's records for this property is 32 dwelling units and commercial. The current Upper Market Street NCD zoning would allow 24-units on this site. This information would indicate 8 of the 32-units on the site are legal non-conforming units. To confirm the exact number of legal dwellings on the site according to official city records, please contact the 3R Division of the Bureau of Building Inspection at (415) 558-6079. There are no complaints noted on our Planning Enforcement Tracking records for this property.
