RE: ZONING LETTER FOR THE PROPERTY AT  
621 TAYLOR STREET. BLOCK: 0298 LOT: 004

Dear Sir/Madam:

This letter is in response to the correspondence from Zoning-Info of November 29, 2006, requesting zoning information for the property at 621 Taylor Street. This property is located in the C-3-G (Downtown General Commercial) zoning district with 80-130 feet height and "F" bulk limitation.

The subject property is not in any Special Use District. The abutting zoning designations of the property to the north, south and west is RC-4, and to the east is C-3-R zoning district. The subject building is noted as a Category-IV (Contributory Building) in the Downtown Plan within the Kearny-Market-Mason-Sutter Conservation District as designated in Article 11 of the Planning Code. It is also noted in the 1976 Survey of Architecturally Significant buildings conducted by the San Francisco Planning Department, the California Register and the Heritage Foundation Survey as a building of contextual importance. Because the building is subject to Article 11 controls, any façade alterations must undergo a review process to determine whether the proposed work is a "major" or "minor" alteration. If the alteration is "minor", then the permit is reviewed administratively. If the alteration is "major", then the applicant must file a Permit to Alter, which is reviewed by the Landmarks and Preservation Advisory Board, and acted upon by the Director of Planning.

Our records do not indicate any variances, special exceptions or conditional use permit granted for Planned Unit Development or other uses on the subject property. Our assessor's record shows that the subject property is occupied by an Apartment House authorized for thirty-five dwelling units and commercial. This is a permitted use in the C-3-G zoning district. There are no non-conforming uses noted on our property profile and no complaints noted on our Planning Enforcement Tracking records for this property.
