**RE: ZONING LETTER FOR THE PROPERTY AT
795 PINE STREET.
BLOCK: 0272 LOT: 014**

Dear Ms. Taylor:

This letter is in response to your correspondence of November 8, 2006 requesting zoning information for the property at 795 Pine Street. This property is located in the RM-4 (Residential, Mixed Districts, High Density) zoning district with 65 feet height and "A" bulk limitation. The RM-4 zoning district permits one family dwelling unit per 200 square feet of lot area. The subject site is 4,110 square feet. Abutting zoning designations to the west and north of the subject property is RM-3, and to the east and south is RC-4 zoning district.

The subject property is in the Nob Hill Special Use District. The subject building is noted in the Tenderloin Special Survey. Modifications to the exterior of buildings similarly rated would be reviewed by a Preservation Specialist of our staff to see if they comply with the Secretary of the Interior's standards for rehabilitation.

Our records do not indicate any variances, special exceptions or conditional use permits granted for Planned Unit Development or other uses on the subject property. Our assessor's records show the use for this property as an Apartment House containing forty-two family dwelling and commercial. The current RM-4 zoning district would allow 20-units on this site. This information would indicate 22-units out of the existing 42-units are legal non-conforming units. To confirm the exact number of legal dwellings on the site according to official city records, please contact the 3R Division of the Bureau of Building Inspection at (415) 558-6079. The commercial use in this property is a non-conforming use (NCU). There are no complaints noted on our Planning Enforcement Tracking records for this property.

To the best of our knowledge the subject building complies with all applicable laws and regulations. Also, if the subject building is destroyed, it can be replaced or re-built to its original condition and use.

Information regarding violations of the Building Code as well as the Certificate of Occupancy is the jurisdiction of the Department of Building Inspection. For violations please contact this department at:
